February 23, 2011
Blue Ribbon Panel on Clinical Preparation and Partnerships for Improved Student Learning

- Co-chaired by Zimpher/Jones
- Partnerships between higher ed and P-12 for clinically-based preparation of teachers
- Five major recommendations
- To fully accomplish, will require change in state/higher ed policies
- 8 States in Alliance for Clinical Teacher Preparation
Developmental Sciences Initiative

- National Expert Panel – Comer/Pianta

- What candidates receive now varies widely

- Goal: Better application of developmental sciences knowledge throughout programs

- Why: Research indicates application of developmental sciences knowledge can play a significant role in student learning
CAEP

- Standards
- Performance Measures
- Reporting Systems

Policy Updates
Fall 2010 UAB Actions

- Policy on reviewing multiple campuses as a single unit
  - Policy available for comment

- Clarification of the deferral of decisions to next UAB meeting
  - To occur only when the BOE team has recommended that all standards are met & the UAB changes one or more to unmet
F10 UAB Actions (cont.)

- Staff to develop plan for conducting an electronic survey of candidates, recent completers, & school-based faculty before the onsite visit

- Staff to revise process for monitoring institutional data on an annual basis to include Title II data and other national/state data sources
and more....

- Revision of conflict of interest to include board members, including the BOE, having a financial interest in a for-profit institution under review
