STANDARD 4: Program Impact

	Areas for Improvement	Rationale
1	The EPP did not provide a sufficient implementation plan for the impact on student learning that details the criteria required by CAEP. (Component 4.1)	The EPP provided one cycle of impact on student learning data for a limited number of completers. Though the EPP has the beginnings of a phase-in plan, the plan does not meet all of CAEP's sufficiency criteria.
2	The EPP did not provide a sufficient plan for the impact of completers' teaching effectiveness that details the criteria required by CAEP. (Component 4.2)	The EPP provided one cycle of data on completers' teaching effectiveness. Though the EPP has the beginnings of a phase-in plan, the plan does not meet all of CAEP's sufficiency criteria.

STANDARD 5: Provider Quality Assurance and Continuous Improvement

	Areas for Improvement	Rationale
1	The EPP provided limited evidence of a Quality Assurance System (QAS) that integrates all of the related elements. (Component 5.1)	A review of the EPP's QAS confirmed that various elements of the QAS do exist, but no comprehensive representation of the system has been established that integrates all aspects.
2	The EPP provided limited evidence that its Quality Assurance System (QAS) relies on valid and reliable measures. (Component 5.2)	The EPP did not consistently provide validity and reliability statistics for all key assessments.

INFORMATION ABOUT ACCREDITATION STATUSES

Accreditation for seven (7) years is granted if the EPP meets all CAEP Standards and components, even if areas for improvement (AFIs) are identified in the final report of the Accreditation Council.

- **Areas for Improvement (AFIs)** indicate areas which must be improved by the time of the next accreditation visit. Progress reports on remediation of AFIs are submitted as part of the Annual Report. AFIs not remediated by a subsequent site visit may become stipulations.

Accreditation with stipulations is granted for 2 years if an EPP meets all standards but receives a stipulation on a component under any standard. Failure to submit a response to the stipulation within a two (2)-year time frame results in revocation. Failure to correct the condition leading to the stipulation within the specified two (2)-year period results in revocation or probation.

- **Stipulations** describe serious deficiencies in meeting CAEP Standards and/or components and must be brought into compliance in order to continue accreditation. All stipulations and relevant evidence are reviewed by the Accreditation Council. Failure to correct the condition leading to the

stipulation results in probation or revocation of accreditation.

Probationary Accreditation is granted for two (2) years when an EPP does not meet one (1) of the CAEP Standards. Failure to submit a response to the stipulation within a two (2)-year time frame results in revocation. Failure to correct the condition leading to the stipulation within the specified two (2)-year period results in revocation.

SCOPE OF ACCREDITATION

The scope of CAEP's work is the accreditation of educator preparation providers (EPPs) that offer bachelor's, master's, and/or doctoral degrees, post-baccalaureate or other programs leading to certification, licensure, or endorsement in the United States and/or internationally. (2018).

CAEP does not accredit specific degree programs, rather EPPs must include information, data, and other evidence on the following in their submission for CAEP's review:

All licensure areas that prepare candidates to work in preschool through grade 12 settings at the initial-licensure and advanced level that lead to professional licensure, certification, or endorsement as defined by the state, country, or other governing authority under which the EPP operates and for which the state, country, or other governing authority has established program approval standards.

Depending on an EPP's submission, accreditation may be awarded at one or both of the following levels: Initial-Licensure Level and/or Advanced-Level.

1. **Initial-Licensure Level Accreditation** is provided at the baccalaureate or post-baccalaureate levels leading to initial-licensure, certification, or endorsement that are designed to develop P-12 teachers.
2. **Advanced-Level Accreditation** is provided at the post-baccalaureate or graduate levels leading to licensure, certification, or endorsement. Advanced-Level Programs are designed to develop P-12 teachers who have already completed an initial-licensure program, currently licensed administrators, or other certified (or similar state language) school professionals for employment in P-12 schools/districts. CAEP's Advanced-Level accreditation does not include any advanced-level program not specific to the preparation of teachers or other school professionals for P-12 schools/districts; any advanced-level non-licensure programs, including those specific to content areas (e.g., M.A., M.S., Ph.D.); or Educational leadership programs not specific to the preparation of teachers or other school professionals for P-12 schools/districts.

Information on accreditation status, terms, and any conditions provided within this directory is specific to the accreditation level(s) described above. CAEP-accredited EPPs are required to distinguish accurately between programs that are accredited and those that are not.

NOTE: Neither CAEP staff, site visitors, nor other agents of CAEP are empowered to make or modify Accreditation Council decisions. These remain the sole responsibility of the Council itself.
